

Oaktree Medical Centre, Ilford

Client

Oaktree Medical Practice

Description

Tangram Architects were commissioned by the Oaktree Medical Practice GPs to design a 3 storey extension for the inclusion of three additional Consult Exam training spaces. The completed project was scaled back and opened by the local MP. There has been interest in the project's use as an exemplar scheme.

Innovations & Added Value

Close collaboration between contractor and design team allowed completion on time and budget despite very tight timescales.
