

Cottage Hospital And Medical Centre, Pershore

Client

Wychavon District Council

Description

Part of the civic centre complex, this building has been designed for a community medical centre with a 26 bed cottage hospital and therapy department. The waiting area is lit by a large roof lantern, while a small terrace around the lantern is accessed from patient rooms.

Innovations & Added Value

The procurement process is unconventional, as the District Council is funder and developer. The tenants are a local GP Practice for the medical centre and the Primary Care Trust for the hospital. The building attracted interest it was delivered at costs below NHS norms.
