

Hamstel House Harlow

Client

The Princess Alexandra Hospital NHS Trust

Description

Tangram were commissioned to prepare documents in support of a planning application for the demolition of the existing Trust headquarters building and a doctors residence and the erection of residential units containing 1 and 2 person flats.

Innovations & Added Value

The scheme involved the retention of mature trees and the protection of an existing burial mound which together provided added amenity space. The purpose of obtaining planning permission was to assist the Trust in selling off surplus land.

Status

Planning permission granted
