

Extension & Alterations, Meynell Crescent

Client

Private Housing Client

Description

Reconfiguration and refurbishment of this Victorian terraced house in a conservation area. All floors were refurbished with the ground floor being reconfigured to suite with the glazed rear extension and redesigned garden layout. The second floor layout was also re-configured with the installation of a dormer window.

Innovations & Added Value

The scheme involved careful planning and liaison with the local planners and conservation officer, as well as careful handling of the immediate neighbours with Tangram providing a service as Party Wall Surveyor.
